### **As an added bonus all of the clients we provide you may qualify you for up to \$2,400 Federal Work Opportunity Tax Credit**

- The Work Opportunity Tax Credit (WOTC) is a Federal tax credit incentive that Congress provides to private-sector businesses for hiring individuals from twelve target groups who have consistently faced significant barriers to employment.
- The main objective of this program is to enable the targeted employees to gradually move from economic dependency into self-sufficiency as they earn a steady income and become contributing taxpayers, while the participating employers are compensated by being able to reduce their federal income tax liability.
- WOTC joins other workforce programs that help *incentivize* workplace diversity and facilitate access to good jobs for American workers.
